

Nepal's Startup Technology Co-Founder

We turn ideas into startups.

0%

Founder-owned outcomes

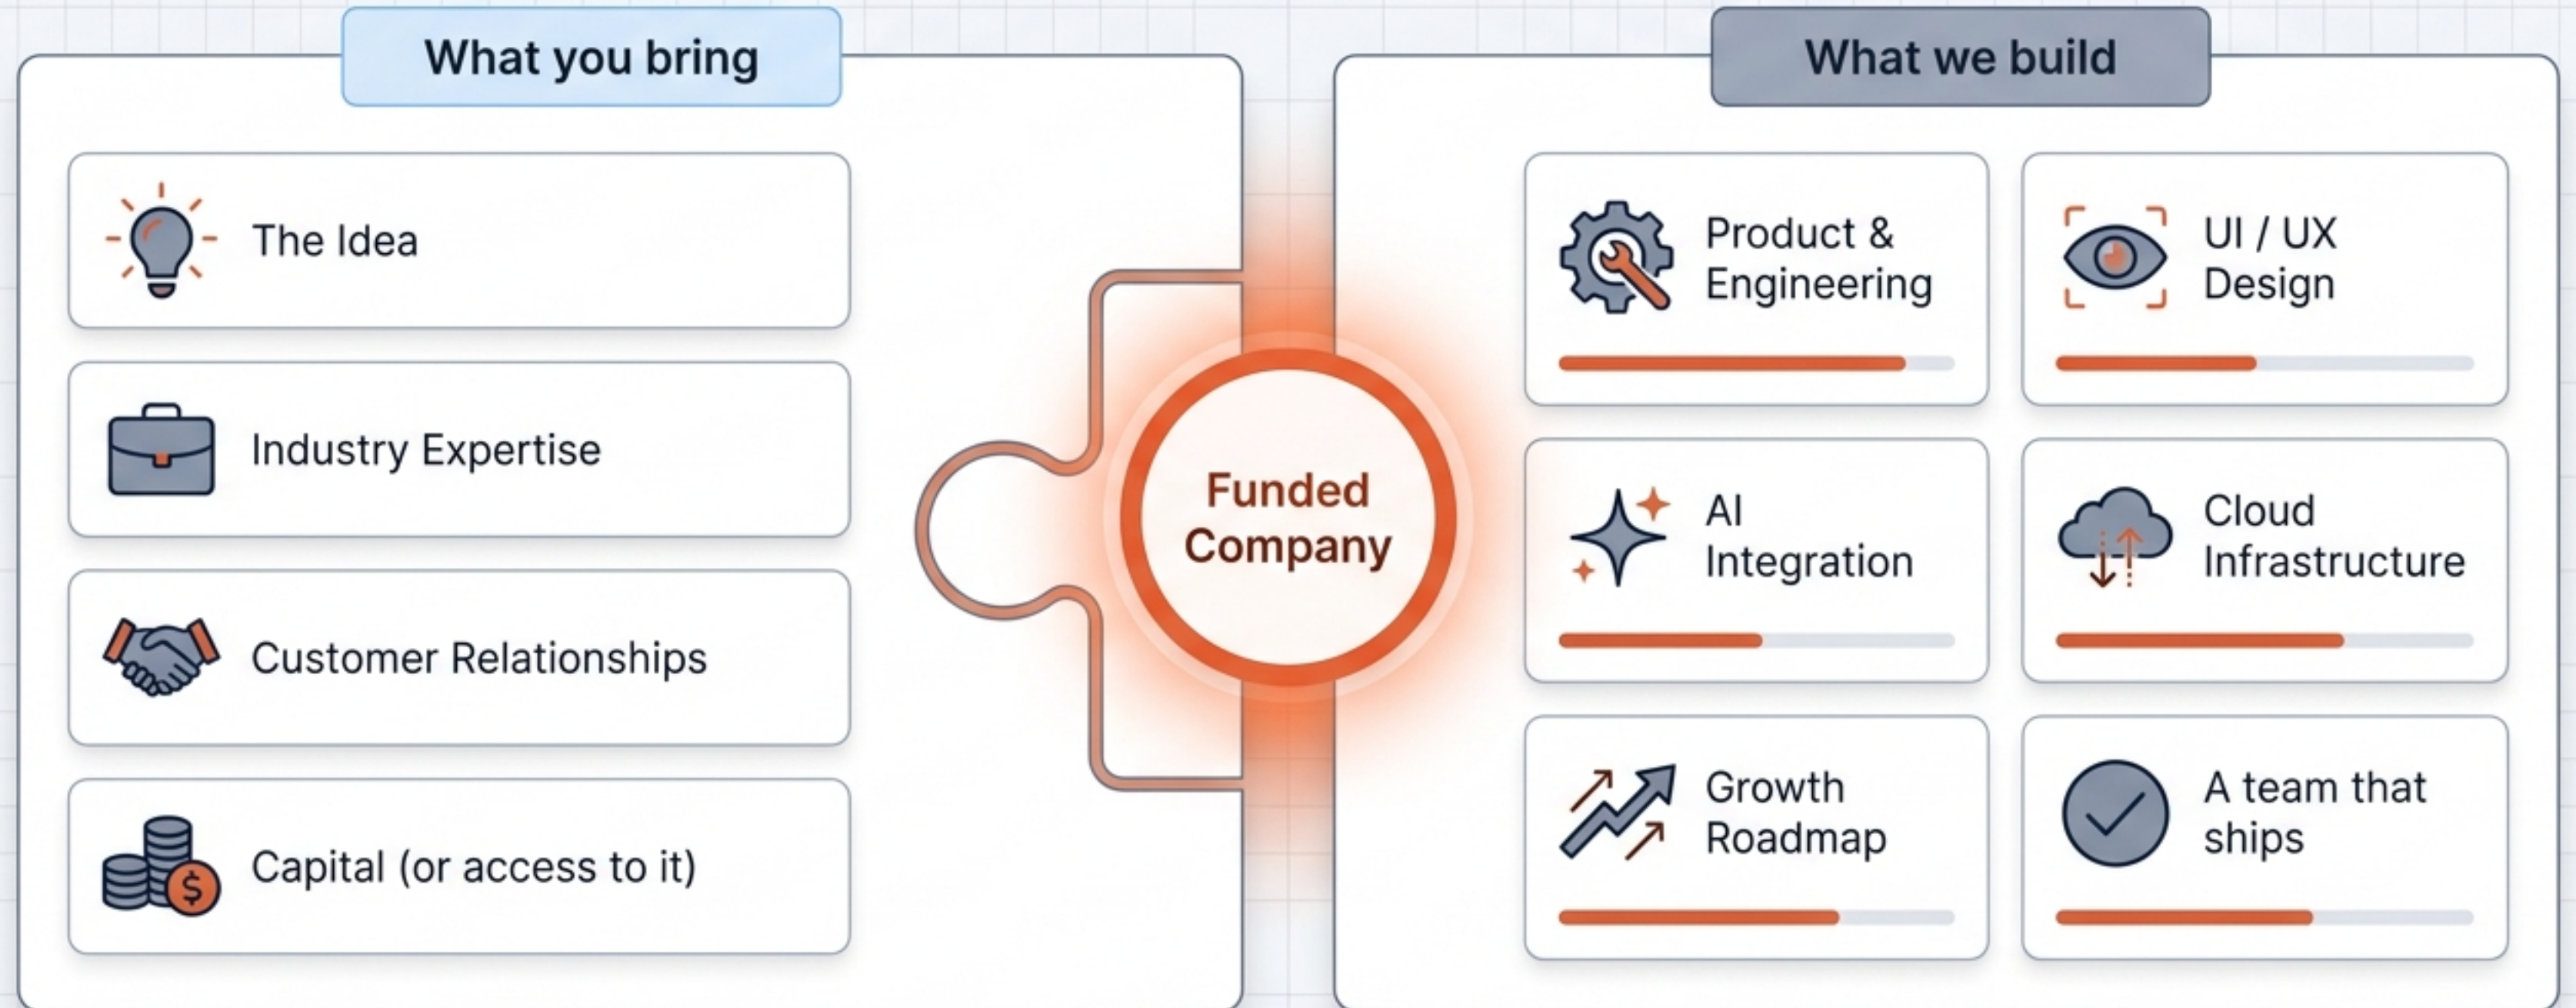

Made in Nepal

Backed by investors

You bring the vision. We build the technology.

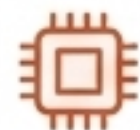

A movement to build a digital, independent Nepal

Make in Nepal

World-class products designed and engineered in Nepal — proving Nepali talent can build anything.

Digital Nepal

Turning everyday Nepali ideas into digital companies that solve real, local problems.

Independent Nepal

Founders keep ownership and control. We back them, investors fund them, and Nepal grows more self-reliant.

From a spark to a company: One connected path

Progress: 83% | Status: On track 

1. IDEA

Tell us the problem you want to solve.

2. VALIDATE

We pressure-test the idea and shape the model.

3. BUILD MVP

Design + engineering build your first real product.

4. LAUNCH

Go live to real users with everything in place.

5. SCALE

AI, growth tooling, and infrastructure that grows.

6. RAISE

Investor-ready: deck, data room, introductions.

Find the precise way we will build together

Tech Co-Founder

We become the technical half of your startup.

- ✓ Product & engineering leadership
- ✓ Build, ship, and grow it with you
- ✓ A true long-term partnership

You're here if:
I have a strong idea but
no technical team.

Startup Launch Program

A guided path from raw idea to launched product.

- ✓ Idea validation + business model
- ✓ Branding, website & mobile app
- ✓ MVP + pitch deck + investor readiness

You're here if:
I have an idea and want
a guided path.

Build & Own

We build it.
You own it — fully.

- ✓ Designed and engineered to spec
- ✓ Full ownership stays with you
- ✓ Milestones you review and approve

You're here if:
I know what to build and
want to own all of it.

 **Coming soon: Startup Accelerator** — Mentors, investors, and a movement behind you.

The Destination: Founder-owned and investor-ready

100% Founder-Owned

No matter the model, full ownership and control stay with you.

The Investor-Ready Package

Pitch Deck | Professional narrative and financial models.

Data Room | Organized due diligence documentation.

Investor Network | Warm introductions to Nepali and foreign investors.

The technical team founders wish they had

“I had the idea and the customers — I just had no idea how to build the tech. Startup Nepal became the team I was missing.”

A founder · Delivery startup

“They did not just build and disappear. They became our technical partner and helped us get launch-ready.”

A founder · Edtech platform

“Real milestones, honest guidance, and a product I actually own. Exactly what a first-time founder needs.”

A founder · Healthtech

“From a rough idea to an MVP we could show investors — faster than I thought was possible in Nepal.”

A founder · Fintech

Initialize your startup |

Tell us what you want to build. We'll review your idea and reply with a clear, transparent path forward — no cost, no commitment. No price tags, no fixed packages. The right terms are agreed privately.
